2. Evaluate your performance in each course. What sort of efforts did you make to go beyond the basic requirements for each course. Please be specific.
  
3. As you consider your performance in dance courses, where are you succeeding? Where could you improve?

4. What goals did you set for yourself when you came to KU? How successful have you been in achieving those goals? Have your goals changed, and how?

5. What specific objectives would you like to achieve regarding your course work for the next year?

6. What are your ideas for life after graduation?
